

ARUBA ACCELERATE – INVITATION TO VIRTUAL TRAINING

START YOUR CUSTOMERS' ARUBA ESP JOURNEY WITH AN ARUBA CENTRAL DEMO

Aruba Edge Service Platform (ESP) is the industry's first AI-powered platform designed to unify, automate, and secure the Edge. Aruba ESP combines the technology principles of **AIOps, Zero Trust Security, and a Unified Infrastructure** combined with a compelling and flexible consumption model. Together Aruba ESP delivers business agility, builds new revenue streams, and creates compelling experiences that delight customers and employees. One of the 3 main pillars of Aruba ESP is AIOps which is delivered with the Aruba Central platform.

This webinar is targeted at Sales and Presales people and will provide you with the Aruba Central story and an easy to follow script to allow you to deliver seamless Aruba Central Demos to your customers.

To find out more about Aruba ESP prior to the training please find the Aruba ESP Solution Overview PDF ([Here](#)) and a short overview video ([Here](#))
